

Name: Collins Kiprono

Email: collinskoechck34@gmail.com

Phone Number: +254728000107

Institution:Catholic University of Eastern Africa

National Id No:37612982

School Id No:1034876

1: I’m a devoted developer with deep interests in building software and applications that help ease day to day tasks.

2: I heard about this vacancy through the IoT(Internet of Things) Kenya Whats app group.

3: The highest mountain was still Mount Everest .

4: Nine.

5: I want to work with this company to test out my skill set in a work environment and also to improve my teamwork abilities.

6: I bring in an open mindset with capability to employ problem solving skills.

7: That would depend on the size of the balls.

8: I have a passion in mentoring juniors in the web development field.

9: I have the ability to put forward an Idea and guide my peers on how to implement the idea(Ideas to implementation is my motto)

10: Try to recollect sequence of events before the incident in question occurred to isolate my involvement in the incident

11: I would listen to various life success stories(e.g Will Smith & Cristiano Ronaldo) and in turn get motivated to keep working.

12: I plan for each hour of a day that I’m awake in turn reducing time wastage improving my schedule

Feasibility index.

13: An increase in workload to ensure I improve my time management skills.

14: Only one.

15: My gift would definitely be the ability to meet unrealistic timelines.

16: Ability to seamlessly coordinate projects with peers.

17: In Depth knowledge in React js in web development.

18:SMORTNP

19: Yes, Collins Koech Kiprono.

20: To have knowledge of new job openings and getting career oriented relations

21: I have grasped the ability to interact with my surrounding in a calm and professional manner.

22: None is higher than the other since a CEO oversees activities of the organization while the CFO’s main focus is more on the financial aspect of a company.

23: The CEO since he oversees all activities of an organization

24:Ability to work for long hours without getting fatigued.

25: The fear of the unknown

26: Putting together a team of developers (DEVCOKENYA) to help ease the workload of market demands building web applications, bringing forth unreal feature implementation timelines.

27: Dedicated team player with almost passion in the relevant fields.

28: My work experience, though short provides a summary of what I’ve been able to achieve in the past

29: Ability to collaborate with the people you are working with, since without proper team coordination a big fail is inevitable.

30: Study of how air interacts with moving objects and how it affects the motion of the object.

31: Cristiano Ronaldo , since despite coming from a rather poor family managed to set and break world records in football.

32:Nicolas Koros (Project Manager at Jambopay Kenya) I admire his unending dedication to what he does.

33: I would like to improve my mobile application development skills.

34: Digital Marketing to widen the scope of the audience for such internship programs..

35: Lightning speed implementation of assigned tasks.

36: Yes Covid 19 is real , I believe so since I lost someone close to the virus.

37: Failing to plan is planning to fail ; this quote offers a guide to all of my daily activities.

38: Twenty nine.

39:Not sure

40:Seeing myself making small steps each day , each hour in pursuit of my ambitions.

41:Living in a world overflowing with possibilities and opportunities.

42:As a young entrepreneur I will work tirelessly to see the company grow to greater levels

43:Ensuring that everything I’m undertaking right now projects towards my dreams

44:Having lived my pre-campus life without a clear ambition in life.

45:Your excellency I would like to thank you for such an opportunity to have a chat with you. May I draw your attention to the growing rates of unemployment in Kenya , it scares me that in such a huge population of Kenyans lost their jobs earlier this year . This a growing statistic that needs your urgent attention. If no action is taken our country may head to a dark place encroached with extreme poverty levels and high crime rates

46: Christine

47: Time of the day

Fuel Prices

Road conditions

Weather conditions

Tax Rates in the country

48:Ksh 5/-

49: a)It took me close to a whole year to learn web development though Im still learning at the moment

b)I have applied my skill in various organizations such as (Faith Ministries international Church{current},Mumias Youth Sports association)

c)I have grown my networks in a way that allows me to learn new ways of software implementation.

d)Time: with each passing day I always feel like I could have done more but thats what keeps me trying harder each morning.

e) Learning the new environment and work ethic.

50: Sundar Pichai (Google CEO) He gives me the zeal to keep working despite sometimes not having everything you need

.
Bonus Question

Working without necessarily being there physically
